Imagine a world were Things feel.

Feelit

FeelIT provides manufacturers with printed, fully integrated nanomaterial-based

sensing solutions that can turn any object to a smart object. We call this structural
sensing

Feel when they are:

touched   bent   emptied   worn   repaired
   out

Feelit

Existing Landscape

Atomic

Linear response – 60-200 Gauge factor
Printable – 1cP viscosity

• Linear or medium sensitivity
• Non printable
